

## **Introduction – Pre-booked accomodation**

In this document you will find information regarding accomodation and logistics to plan for our wedding. For your convenience, we have preliminary pre-booked some shareable houses in the nearby area which accomodate for ~ 6-10 people each. The cost of these accomodations ranges from ~ 600 to 800 SEK per person excl. breakfast. On the coming pages you'll find high-level views of the accommodations to give you a sense of what these options offer.

### **Next steps:**

- Please indicate in the RSVP if you are interested to opt in for a pre-booked option
- We allocate the cabins (suggestion)
- After May 1st we will get back to those of you wishing to stay in a pre-booked cabin with info of what cabin you'll stay in, with whom you'll share it and practicalities around the booking. We will also share suggestion for transportation options to get to the accommodation

For those of you who wish to stay at a hotel instead, we can recommend e.g., Hedenlunda slott or Hotell Stat.

We are very much looking forward spending our big day with you!
